

Presentation on the Design and Construction of St. Angela's College on St. Patrick's Hill, Cork

Date: Tuesday 12th January 2016

Time: 19:00 (Tea/Coffee from 18:30)

Venue: Rochestown Park Hotel, Cork

Speakers: John Lee, Malachy Walsh & Partners Engineering and Environmental Consultants

David McCarthy, L & M Keating Building and Civil Engineering Contractors

Synopsis: The presentation will demonstrate the Engineering challenges faced in the civil and structural design of this recently completed new build and refurbishment project as well as the hurdles encountered during its construction. The site slopes at a gradient of 1 in 5, overlooking the centre of Cork City. Four new buildings were constructed on this confined site between four refurbished listed buildings. The perspectives of the Consultant and Contractor will make for an interesting presentation.

Speaker Bios: John Lee is an Associate Director with Malachy Walsh and Partners and was responsible for the Civil and Structural Design of this project. John is a Chartered Engineer with 23 years design and construction experience in the UK and Ireland.

David McCarthy is a Chartered Engineer and Project Manager with L & M Keating. He has over 15 years experience in managing civil engineering and building projects and he was responsible for the construction of this challenging project.
